(☐) Soon to be available, call for more information.

(*) Limited specimens

Degrees of Complexion: Light → Fair → Medium → Olive → Dark

Donor Specimens are held for the required six month quarantine period and are released after negative results are obtained for communicable diseases. Specimens are unwashed and upon thawing each vial contains at least 20 million motile sperm.

Donor specimen availability is subject to change. For this reason, we highly recommend that you pre-pay and reserve vials from a particular donor. No refunds are issued for unused vials.
