

Donor Catalog - August & September - 2008

CRYOBANK.com

CATALOG CONTENT

Our donor catalog provides basic information and characteristics for each donor. It serves as a starting point for a donor search. Additional information on donor availability can be found in the "Donor Search" section of our website.

DONOR INFORMATION

California Cryobank (CCB) provides many types of information to help clients select a donor. The following information is available. Short profiles, Staff Impression Reports and Donor Essays are available free of charge to clients!

- Short & Long Donor Profiles ■ Audio Interviews ■ Keirsey Temperament Sorter Reports
- Staff Impression Reports ■ Facial Feature Reports ■ Donor Baby Photos ■ Donor Essays

To order donor information, visit our website at www.cryobank.com or call Client Services at 800-977-3761 ext. 7100 to order by phone. California Cryobank strongly suggests that you review long donor profiles prior to ordering specimens.

OPEN DONORS

Open donors are committed to at least one contact with their offspring when they reach the age of 18. For more information on Open Donors, please visit our website at www.cryobank.com or call 800-977-3761 ext. 7100. Due to the limited number of Open Donors they have not been sorted by ethnicity.

DONOR AVAILABILITY

Listed on this catalog are donors available at the time of publication. Please call our Client Services Department at 800-977-3761 ext. 7100 or check our on-line catalog for the most current information on donor availability.

Donor specimens are available on a first come, first served basis. Our inventory of semen specimens changes daily. We cannot guarantee donor availability. We encourage you to purchase and store vials, especially if you have only one donor chosen. Place your order at the earliest possible time and be prepared with another donor choice if there is no vial inventory at the time you wish to order.

SPECIMEN TYPES

California Cryobank offers two types of specimens:

ICI - Specimens prepared for Intracervical Insemination (ICI); **IUI** - Specimens prepared for Intrauterine Insemination (IUI)
California Cryobank is prohibited from accepting returned specimens and will not be responsible for client error in selecting specimen type. Please speak with your physician and be prepared to specify specimen type at the time of order. We also offer A.R.T. vials, in both ICI and IUI preparations, specially designed for use in Assisted Reproductive Technologies.

GETTING STARTED

The first step in ordering donor specimens from California Cryobank is to open an account. It is not necessary to open an account to place orders for donor information. Additional information is available in the "Open An Account" section of our website.

MEDICAL DIRECTORS: CAPPY M. ROTHMAN, M.D. & CHARLES A. SIMS, M.D. & GEORGE L. MUTTER, M.D.

CATALOG KEY

A.R.T. VIALS

California Cryobank (CCB) is now offering ICI and IUI vials specially designed for use in a variety of Assisted Reproductive Technologies (A.R.T.), such as In Vitro Fertilization (IVF), Gamete Intrafallopian Transfer (GIFT), Zygote Intrafallopian Transfer (ZIFT) and Intercytoplasmic Sperm Injection (ICSI). A.R.T. vials are available in both intracervical (ICI) and intrauterine (IUI) formats. Since fewer sperm are required for A.R.T. procedures, our A.R.T. vials contain fewer total motile cells. Please note that A.R.T. vials may not be available for all CCB donors. Please see our fee schedule for A.R.T. vial fees.

CMV IgG/IgM & BLOOD TYPE

For interpretation and significance, discuss with your physician.

***NEW DONORS**

Donors appearing on the catalog for the first time are noted by an asterisk next to the donor ID number.

OPEN DONORS

In response to client requests, CCB is now offering an Open Donor Program. CCB Open Donors are committed to at least one contact with their offspring when they reach the age of 18. CCB will assist with the first contact. As with all CCB Donors, CCB Open Donor vials are available on a first come, first serve basis. At the end of this catalog, you will find a list of CCB Open Donors. You can also search for Open Donors on our website, using our donor search tool. For more details about the CCB Open Donor Program, please visit our website at www.cryobank.com or call 800-977-3761 ext. 7100.

PREGNANCY

“Yes” indicates that we have received at least one pregnancy report on the donor. “No” indicates that we have not YET received a pregnancy report on the donor. From our experience, a donor is on the catalog for at least six months before we receive a pregnancy report. However, this varies according to supply and demand.

CALIFORNIA CRYOBANK DONOR CATALOG - AUGUST, SEPTEMBER 2008

CCB NORDIC DONORS: Per New York State regulations, CCB Nordic Donors cannot be shipped to the State of New York.
