Donor Availability

Listed in this catalog are donors available at the time of publication and a few donors who will be available within. Some specimens are purchased in large quantities in order to assure siblings with the same donor. Therefore, it is to guarantee availability. Some catalog numbers have an added number for inventory location for reactivated donors.

PROFILES: Descriptive profiles are available for each donor.

SPECIMEN TYPES: Your physician should determine the type of specimen you will need prior to placing an order (IUI). Please be prepared to specify specimen type at the time of ordering.

ICI=Specimens prepared for Intracervical Insemination.

IUI=Specimens prepared for Intrauterine Insemination.

All specimens are ICI prepared. Specimens prefixed with "*" are available both ICI & IUI ready. All ICI prepared can be washed. We cannot guarantee the quality of an ICI specimen if it is washed by others. All of NECC's IUI specimens are Percoll Free.
